

Mission & Principles

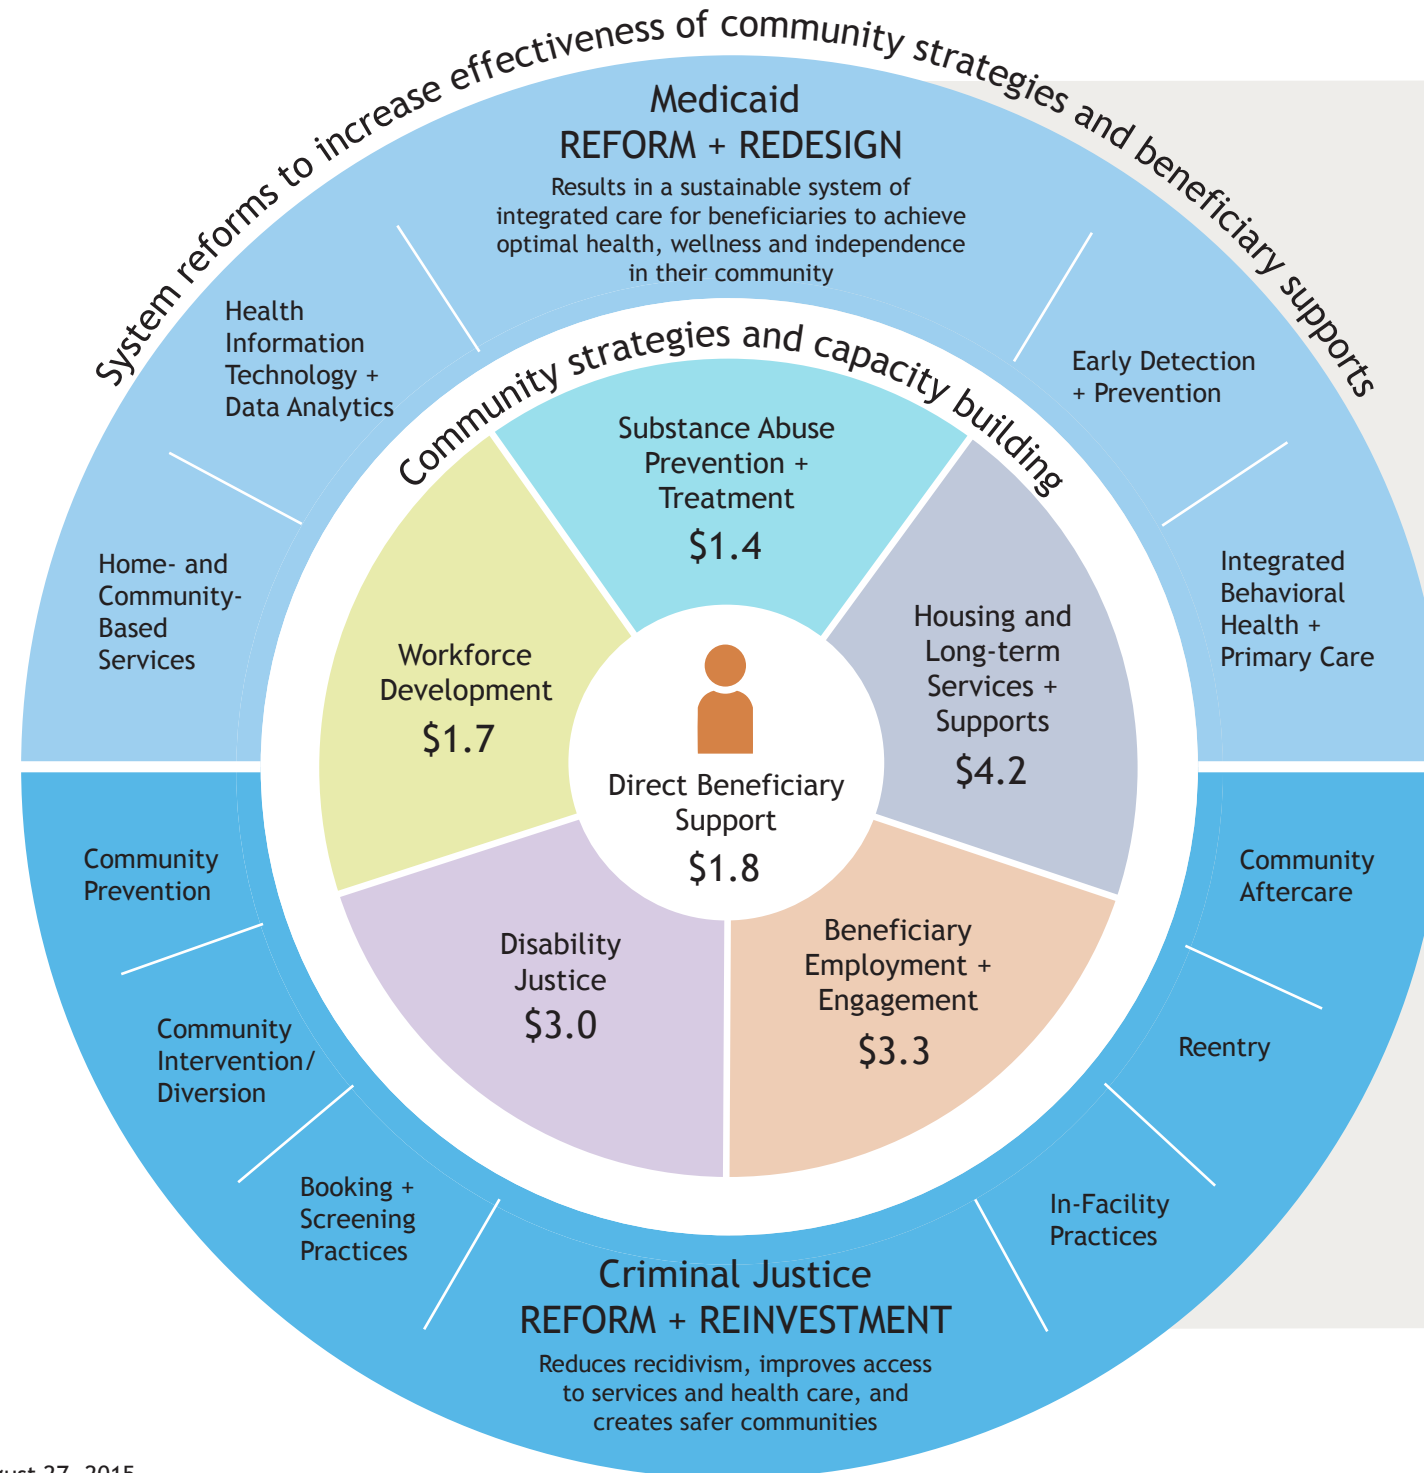

The Trust's mission is to improve the lives of beneficiaries through advocacy, planning, implementing and funding a Comprehensive Integrated Mental Health Program.

The Trust is committed to:

- Education of the public and policymakers on beneficiary needs
- Collaboration with consumers and partner advocates
- Maximizing beneficiary input into programs
- Continually improving results for beneficiaries
- Prioritizing services for beneficiaries at risk of institutionalization or needing long-term, intensive care
- Useful and timely data for evaluating programs
- Inclusion of early intervention and prevention components
